

## DEDICATION TO PAUL GILCHRIST

This collection of the first 48 issues of the AVPA Newsletter ("Dander"), from 1978 - 1993, represents the combined efforts of the members of our Association in reporting the significant poultry health matters in Australia over a period of 15 years. The collection especially represents the considerable energies of three AVPA Newsletter editors:

°Dr Paul Gilchrist	-	Issues 1 - 14
°Dr Trevor Faragher	-	Issues 15 - 42
°Dr Grant Richards	-	Issues 43 - 48+

The Newsletter was the inspiration of Paul Gilchrist. His energy has been the continual driving force behind the AVPA since its inception in 1961. Appropriately, the collection is preceded by the Minutes of a meeting held on 8 August 1961 at which Paul moved the original motion to create the NSW Veterinary Poultry Association, the forerunner of the AVPA. The collection also contains the original draft newsletter circulated to members in 1978 for their approval to commence the newsletter.

This collection of AVPA Newsletters ("Dander") is dedicated to Paul Gilchrist for his contributions to the AVPA for over 33 years and is presented to him in recognition of his Life Membership.

Signed by members of the Australian Veterinary Poultry Association
